

TIC-TAC-TOE

Have you ever tried to play tic-tac-toe by yourself?

If not, go ahead and try it.

How did you do? Tic-tac-toe is not meant to be played alone. There are many things that we should not do alone. Divorce is one of them. When you feel you are ready, talk to a friend, relative or maybe your parents about questions and feelings you have.

Now, play tic-tac-toe with your mom, dad, brother, sister or a friend.
